

c1  
Concl

38. (Amended) The construct of claim 33, wherein said at least one other arm that specifically binds a targetable conjugate is a humanized antibody or a fragment of a humanized antibody.

REMARKS

In view of the foregoing amendments, it is believed that this Amendment is fully responsive to the prior Office Action, when viewed together with the Amendment filed on December 3, 2001. It is further believed that all claims are in condition for allowance and reconsideration of all rejections and a notice of allowance are respectfully requested. Should there be any questions regarding this application, the examiner is invited to contact the undersigned attorney at the phone number listed below.

Respectfully submitted,
